

Reflecting a major design trend where interior and exterior spaces flow together Stonemarket have joined up with stone flooring specialist, Classical Flagstones, to present an exquisite collection of natural stone flooring.

The range includes two colours of our all-new Isis, a beautiful Egyptian limestone, a creamy travertine and two colours of slate. Each one matches one of our external paving products, enabling a seamless transition to be made from inside to outside.

CLASSICAL FLAGSTONES

isis^{new}

A beautiful Egyptian limestone, Isis matches exactly our new Isis paving, see page 84. It has the same leather-like texture and comes in the same two contemporary colour shades. It is laid in the same coursed laying pattern but is cut to a thickness ideally suited to interior applications.

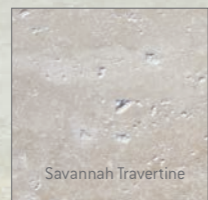

thickness	sizes (mm)
13	450 x 475
	450 x 575
	450 x 675
	450 x 775

Flooring is sold by the m²

travertine^{new}

The second stone in our stone flooring collection, Travertine exactly matches our Travertine New Cream paving. Equally at home in traditional or more contemporary settings, our Travertine is high quality natural stone carefully honed and tumbled to produce a satisfyingly tactile surface.

Savannah Travertine

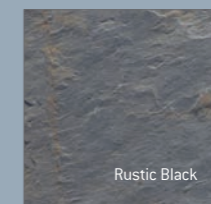

thickness	sizes (mm)
12	203 x 203
	203 x 406
	406 x 406
	610 x 406

Flooring is sold by the m² in Classical Roman Opus pattern.

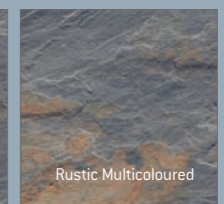

slate^{new}

Two colours of Slate complete our collection of flooring. Rustic Black matches our Truslate Blue paving, while Rustic Multicoloured matches Truslate Copper. With sawn edges and a riven surface, each piece displays the diversity that gives natural stone its special appeal.

Rustic Black

Rustic Multicoloured

thickness	sizes (mm)
15-18	300 x 300
	600 x 400
	600 x 600

Flooring is sold by the m²
