When the circle pack arrives it will be 8 layers high and the layers will consist of 8 no. O, 16 no. W, 200 no. T, 8 no. H, 96 no. R, 64 no. E blocks.

However, you will only need 2 no. O, 16 no. W, 200 no. T, 89 no. R, 2 no. H, 57 no. E blocks.

When laying the first three rings there will be a lot of play in the blocks, however when the full circle is laid the interlocking effect eliminates this.
