

Rio Edging/Coping, Shell with Rio paving, Sand

## rio

Rio is a collection of reconstituted stone paving, walling and accessories, with attractive granite-effect textures and inspiring contemporary colour options. Rio textured paving comes in a choice of three subtle speckled colours - Storm, Shell and Sand, and has an attractive, slip-resistant texture. Rio Walling and Rio Edgings enable you to add a third dimension to complete the integrated modern theme.

Rio paving, Storm with Rio Walling, Silver and Carbon

## rio walling

With a granular granite-effect texture, and a choice of cool colour tones, Rio Walling will perfectly complement many of our more contemporary paving ranges. Perfect for use with Rio paving it is available in two sophisticated shades of grey, with a carbon-coloured thin course block that will either tone or contrast with the other colours. Quoin Ends are used in corner and end situations.

Rio Walling, Silver and Carbon

## rio smooth

With its understated contemporary colour tones and the smooth ground appearance of terrazzo, Rio Smooth will add a touch of sophistication and urban cool to your outdoor space. Manufactured using a special blend of selected aggregates, it has excellent slip resistant properties and is available in our popular Storm colour.

Rio Smooth paving, Storm

## rio range

colour options • Sand • Shell • Storm

sizes (mm)	m <sup>2</sup> per pack	no. per pack	kg per pack	colours
